

WICMA R & D Centre

Certificate Course in Corrugated Packaging

MANAGEMENT & TECHNICAL DEVELOPMENT PROGRAMME

49TH CERTIFICATE COURSE • 5-10 OCTOBER 2026

The Management and Technical Development Programmes pioneered by Western India Corrugated Box Manufacturers Association (WICMA) in 1991 have been receiving encouraging response, both from the Industry and others connected with the Corrugated Packaging Industry.

WICMA has been organising "**Certificate Courses in Corrugated Packaging**", which have been acclaimed by members, consumers and others connected with the Corrugated industry.

So far, 48 such Certificate Courses have been conducted. Over 1168 students from Corrugating & User Industries have been benefited by these Courses.

The course is suitable for any one, who is looking forward to set up their corrugation unit or who is already in the industry and wants to upgrade their technical competency.

The Tentative list of topics is attached.

WICMA R&D Centre is now an Approved IMDG Packaging Testing Centre

**WICMA Lab:
Your Trusted
Partner for
UN Mark
Certification**

We offer reliable and
affordable testing and
certification services for
Corrugated packaging of
dangerous goods

Shipping hazardous materials requires them to be in compliance with UN standards. This means hazardous material needs to be properly classified, described, packaged, marked, labelled, and in condition for shipment as required or authorized by applicable international and Govt. regulation. UN mark is a universal / international system created by the United Nations, which is meant for the classification, packaging, marking and labelling of dangerous goods, to transport it safely. Testing of packages are required to be carried out, before a UN certification mark can be issued. The packaging must meet or exceed minimum standards of performance before it can be used

NABL accredited and ISO 9001/2015 certified Lab

Well-equipped for testing to IMDG regulations

Flexible and customized testing packages to suit your needs

Only Private Lab authorized to conduct tests on corrugated boxes used for exports of Hazardous Materials by Sea and issue UN Certificates

Introductory Rates for UN Testing

	Rates (Rs)** (GST @ 18% extra)
UN Certificate (10 days)	12,000
UN Certificate (Tatkal)	18,000
